**The Daily Quote**

"Republican leaders are facing their toughest challenge yet in keeping the government open, as lawmakers race to secure more money before current funding runs out at the end of the week. Leadership was already going to have their work cut out for them in trying to corral frustrated defense hawks, skeptical conservatives and fired-up Democrats into supporting another continuing resolution (CR) to keep the government's lights on. But President Trump created new headaches for Speaker Paul Ryan (R-Wis.) and his top lieutenants last week after the president rejected a bipartisan immigration deal and reportedly made explosive comments... throwing a wrench into broad negotiations on Capitol Hill."
