"Roving Wiretap" authority, which provides the ability for authorities to wiretap multiple electronic devices from a single suspected terrorist; 2. "Lone Wolf", which allows for the government to pursue warrants to conduct surveillance on non-U.S. citizens, engaged in 'international terrorist activities' alone; 3. Provision granting the government access to business records relating to a terrorist investigation.

The Daily Quote

"The legislative pace at the outset of the 112th Congress has paled in comparison to the flurry of House activity during the first month of the 111th. The House has held fewer than half the number of votes during the first month of this Congress that it did in 2009."
