The Daily Quote

“We’re about to see if House Republicans have learned anything in the last few years. That is, we’ll see if the small group of radicals can bully mainstream conservatives into casting irresponsible and counterproductive votes... [S]ometime before the end of the month, the House will need to bring up a bill to keep the government running after the current fiscal year ends on Sept. 30. Since it has run out of time to pass regular appropriations bills (none have been sent to Barack Obama so far, even for a veto), the House will need to pass a ‘continuing resolution’ to give itself more time... The obvious compromise, and one the Senate appears to be working toward, is a continuing resolution without any policy riders.”
