Continue Consideration of [H.R. 3354](#) – “Make America Secure and Prosperous Appropriations Act, 2018” (Rep. Frelinghuysen – Appropriations). Before the August district work period, the House passed a package of four regular appropriations bills for FY 2018 as part of a “security minibus.” That package included the Defense, Legislative Branch, Military Construction-Veterans Affairs, and Energy and Water Development bills. In addition to multiple poison pill riders, it also contained a fifth division with \$1.6 billion in taxpayer funding for construction of President Trump’s border wall.

H.R. 3354 packages together the eight remaining regular appropriations bills for Fiscal Year 2018 in discrete divisions. They are: Interior & Environment; Agriculture; Commerce, Justice, Science; Financial Services; Homeland Security; Labor, Health and Human Services, Education; State and Foreign Operations; and Transportation-Housing and Urban Development. A summary of the eight divisions can be found [here](#). Upon passage, these will be coupled with the security minibus’s five divisions and sent to the Senate as one complete Omnibus Appropriations bill.

H.R. 3354 not only constitutes an inadequate investment in both the domestic and international activities of government, but also a skewed reprioritization laid out within each of its eight divisions that would have devastating impacts throughout the economy. It is clear that House Republicans would rather waste valuable time on partisan legislation that does not stand a chance of actually being signed into law instead of working with Democrats on responsible solutions that will create jobs and grow the economy.

Further, House Republicans are breaking their own promises of following regular order and an open legislative process by considering this package under structured rules that forego the open appropriations process, by acting on these bills before passing a budget resolution to provide topline funding guidance, and by packaging multiple unrelated issues into a single vehicle. **Members are urged to VOTE NO.**
